Research Title : *Symbolic Analytical Developments of the Zero Pressure Cosmological Model of the Universe*
Symbolic Analytical Developments of the Zero Pressure Cosmological Model of the Universe

Descriptipn : In this paper, literal analytical solutions in power series forms are developed for the radius of curvature and the expansion velocity of the zero pressure cosmological model of the universe. For computational developments of these solutions, an efficient method using continued fraction theory is provided together with some numerical examples.

Research Type : Article

Research Year : 2006

Publisher : International Mathematical Forum .Vol.1,no.20,947-964

Supervisor : أ.د. محمد عادل بن عبدالعزيز أحمد شرف

Added Date : Monday, May 12, 2008
